

Dear Software Professional,

TeT can not only help you keep your projects on track, but **reduce** your software development **risks** and **save** you **money**.

In the past year, AQPoint contacted you about our offshore software development services and you kindly agreed to be contacted about future projects. TeT Co. Ltd., AQPoint's technology partner, is consolidating its offshore development resources and this brings the benefits to you.

As a valued colleague, we are contacting you directly to offer you our proven **expertise, reliability** and **low rates**.

Since 1992, we have been helping companies worldwide meet their software development needs—on time and on budget! See for yourself what some of our satisfied clients ([hyperlink](#)) say about our services.

With TeT there are no surprises. What you need is what you get.

Visit our Web site ([hyperlink](#)) today, or contact us by e-mail or phone so we can discuss your ideas and openly answer any questions you may have. (Please remember the time difference between the US and the Ukraine.)

The subject line of the e-mail: Software Development – Can you reduce your risks?
