

Earl Grey's Teas Of The World™

1313 Wallebaster Blvd., Fort Milton, VT 78945-1234

When you hear your kettle whistling and you crave a hot, delicious cup of tea, a common blend from the grocery store is probably what you reach for. **But**, did you know that there are dozens of varieties of tea available today? Flavored coffees can't match the number of teas available.

Now for the first time, we can bring you the most refreshing selection of tea in one club,
Earl Grey's Teas of the World™.

Dear Fellow Tea Lover,

If you're like me, you look forward to that first cup of tea in the morning, whether it's the hearty robust flavor of a hardy black tea that wakes you up, or the light, refreshing flavor of green tea that allows you to drift comfortably into your day.

Over a thousand years ago caravans traveled the Silk Road of the Orient bringing back to the Old World of Europe bricks of tea along with other precious items like spices and silk. Slowly, the number of tea growing nations grew. From China it spread to India and then down to Sri-Lanka (Ceylon), it made its first trans-oceanic leap into Japan where it was presented in a grand ceremony that is still followed today. The splendor of tea has traveled across the globe and is grown on almost every continent. The amazing fact is that the variety of tea stems from where the tea is grown and how it's processed and not necessarily from what can be "infused" into it.

At no other time has a collection of the world's finest teas been assembled in one club! There are black teas like Darjeeling from India and Kenyan from Africa; Oolong teas from China and Taiwan; White and green teas from China and Japan. Included in our selections are famous blends such as English Breakfast Tea and our namesake, Earl Grey. Our best tea experts have also created some exclusive blends not found anywhere else.

Now you can have the finest selection of teas delivered right to your doorstep.
